 Lectures Thursday 6:00-9:00 PM in BA1200
 Office Hours Thursday 12:00-2:00 PM in BA2200
 Lab T0101 Wednesday 4:00-6:00 PM
 Lab T0201 Thursday 2:00-4:00 PM
 Website <http://www.cdf.utoronto.ca/~csc108h/summer>

Website: The course website contains important information including assignment handouts and announcements, the policy on missed work, a discussion board, and more. You are responsible for all announcements made in lecture and on the discussion board.

Required stuff:

- Text: Jennifer Campbell, Paul Gries, Jason Montojo and Greg Wilson. Practical Programming: An Introduction to Computer Science Using Python. Pragmatic Programmers, 2009. Available from <http://www.pragprog.com>.
- Clicker: available from the UofT bookstore. You are required to purchase an iClicker remote for in-class participation. iClicker is a response system that allows you to respond to questions I pose during class, and you will be graded on your in-class participation. In order to receive this credit, you are asked to register your iClicker remote online. Go to <http://www.iclicker.com/registration>. Complete the fields with your first name, last name, student ID (this is your U of T student number), and remote ID (on the back of your remote). iClicker will be used every class, and you are responsible for bringing your remote daily.

Required background: No programming background is assumed. We're here to learn to program!

	Work	Weight	Comment
Marking scheme:	11 labs	7%	0.7% each (best 10)
	4 assignments	30%	7.5% each
	Class participation	7%	
	2 tests	16%	8% each
	Final Exam	40%	

Assignments: assignment handouts will be available on the course website, and are to be done individually. We recognize that university time pressures and schedules are sometimes hard to cope with; as a result, we are giving you 1 "grace day point" to use during the term. The grace day allows you to submit your assignment up to 24 hours late without penalty; no other late assignments will be accepted.

Labs: You will work on lab exercises in pairs with the help and direction of teaching assistants. Each lab you attend and work on is worth 0.7% of your final mark. To earn the mark for a lab, you must arrive on time, work hard, and pay attention for the two hours of the lab.

Class participation: being actively involved (evaluating, examining, predicting) is a critical component of the learning process, and we will use clickers and techniques of cooperative learning to facilitate this. During lecture we will engage in small group activities and allow you to share what you learn with the class. The course participation mark is based on your involvement in our discussions, and participation in answering questions.

Illness: In case of illness, have your doctor complete an official UofT medical certificate. (See the Forms section of the course website.)

Academic Offenses: All of the work you submit must be done by you alone, and your work must not be submitted by someone else. Plagiarism is academic fraud and is taken very seriously. The department uses software that compares programs for evidence of similar code. Please read the Rules and Regulations from the U of T Calendar (especially the Code of Behaviour on Academic Matters):

<http://www.artsandscience.utoronto.ca/ofr/calendar/rules.htm>

Please don't cheat. It is unpleasant for everyone involved. Here are a couple of general guidelines to help you avoid plagiarism:

- Never look at another student's assignment solution, whether it is on paper or on the computer screen. Never show another student your assignment solution. This applies to all drafts of a solution and to incomplete solutions.
- The easiest way to avoid plagiarism is to only discuss the piece of work with the course TAs, the CDF Help Centre TAs, and the instructor.

Week	Dates	Course Work
1	May 11 - May 15	
2	May 18 - May 22	Labs begin
3	May 25 - May 29	A1 (Friday 10:00 PM)
4	Jun 1 - Jun 5	
5	Jun 8 - Jun 12	Test 1
6	Jun 15 - Jun 19	A2 (Friday 10:00 PM)
7	Jun 22 - Jun 26	
8	Jun 29 - Jul 3	
9	Jul 6 - Jul 10	A3 (Friday 10:00 PM)
10	Jul 13 - Jul 17	Test 2
11	Jul 20 - Jul 24	
12	Jul 27 - Jul 31	A4 (Friday 10:00 PM)
13	Aug 3 - Aug 7	

You must get 40% or more on the final exam to pass the course, or your final course grade will be no higher than 47%.
